Post-2020 Census Redistricting: Report on Draft Plans

WEST VALLEY MISSION COMMUNITY COLLEGE DISTRICT JANUARY 18, 2022

Agenda

- What is redistricting? Why redistrict?
- Legal requirements (demographers follow)
- Plans considered by LPOC

What is Redistricting?

Why Redistrict?

Every 10 years, community college districts that elect boards by Trustee Area must redistrict (adjust Trustee Area boundaries to have equal total populations)

Federal and state laws apply

Each community college district must adopt new Trustee Area boundaries before March 1, 2022 (by law)

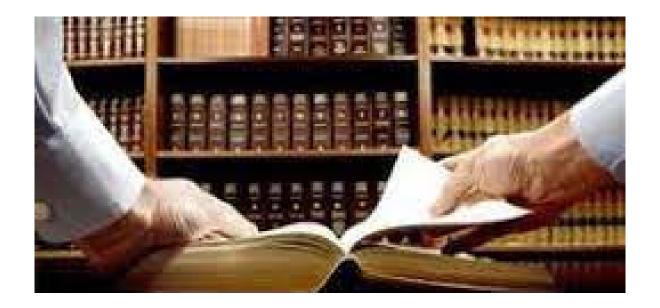

The new Trustee Areas will be used until Census 2030 data are released

Current Trustees complete their terms of office even if they no longer live in the Trustee Area they were elected to represent

Legal guidelines that demographers follow:

- **✓** Federal law & Supreme Court Decisions:
 - Population equality
 - Voting Rights Act
 - No racial gerrymandering

✓ State Education Code

#1 Required Priority: Population Equality

Trustee Area (TA) populations need to be proportional to the total number of trustees.

Ideal Trustee Area population = 1/7 of the 2020 Census population:

WVMCCD= 467,084* total population; 1/7= 66,726

Plan deviation = Difference between the least and most populous districts, divided by the ideal District population

Up to 10% deviation is permitted = 6,673 persons

^{*} Total may be adjusted after WVM's outer boundary is defined

WVMCCD's current Trustee Area 2020 populations are NOT balanced, so the boundaries need to be adjusted.

19,813

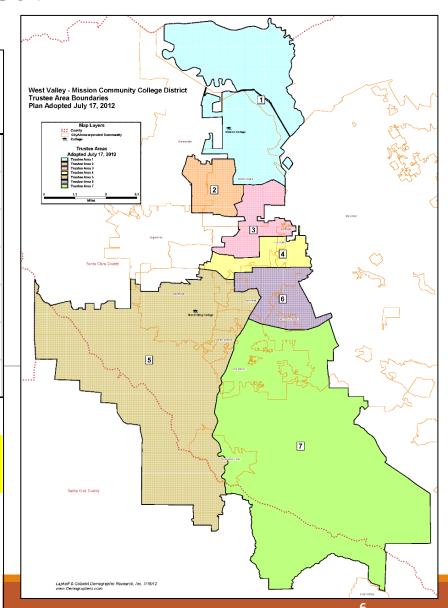

29.7%

District	2020 Population	Deviation	% Deviation
1	80,318	13,592	20.4%
2	68,072	1,346	2.0%
3	67,563	837	1.3%
4	60,505	-6,221	-9.3%

State Law for School Districts

California's Education Code says the following criteria may be taken into account. No order of priority is given.

"...give consideration to the following factors:

- (1) Topography
- (2) Geography
- (3) Cohesiveness, contiguity, integrity, and compactness of territory
- (4) Community of interests of the trustee areas"

Communities of Interest (COIs) - Examples

COIs are contiguous areas where people share common social and economic interests and should be in a single Trustee Area or be considered when drawing Trustee Area boundaries:

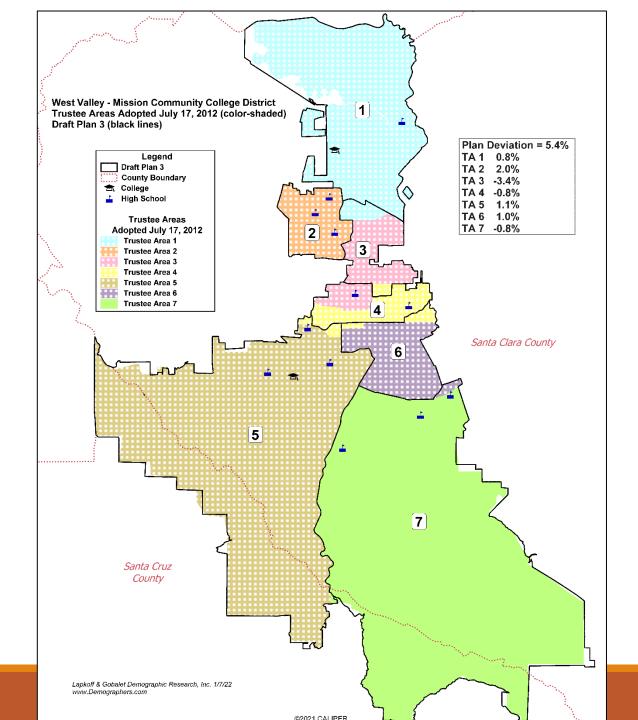

- K-12 school districts and high schools
- Recognized neighborhoods
- Cities and unincorporated communities
- Areas with similar living standards, including similar income and educational levels

Draft Plans Considered by LPOC

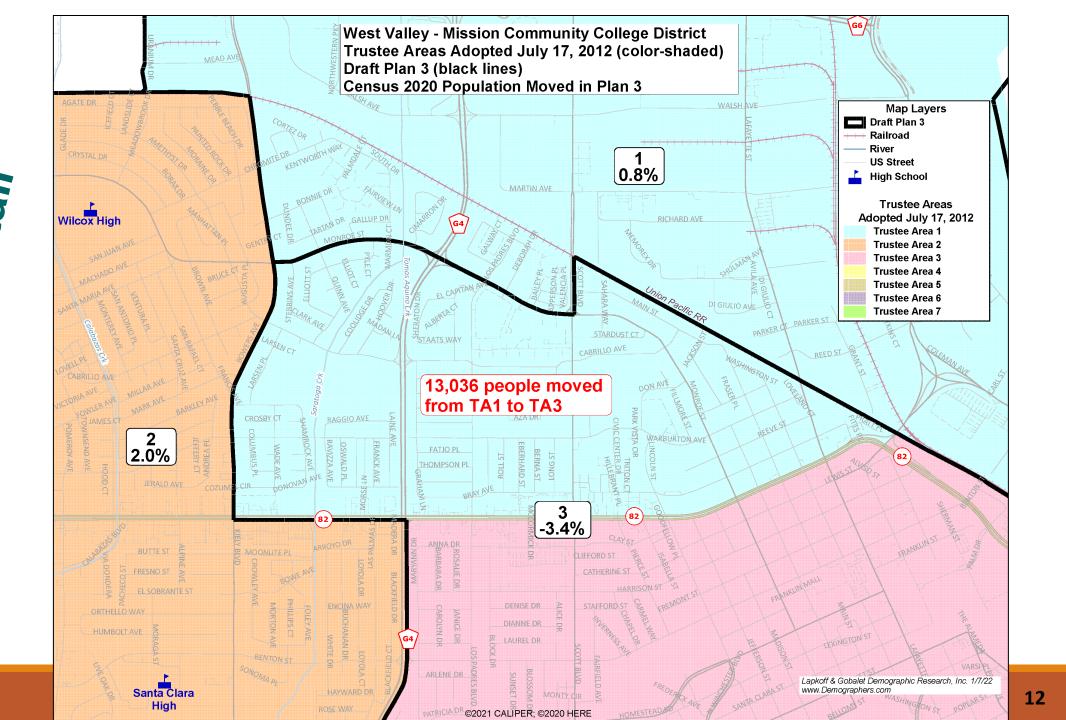

- > Four plans were considered
- > Plan 4 (based on Plan 3) resulted from changes made by LPOC during its Jan. 12 meeting
