WEST VALLEY COLLEGE

CONSTRUCTION NOTICE

Project: WV Cilker Roof Replacement

Location: Cilker Building

Subject: Pressure Wash

Pressure washing will take place on the roof of the Cilker building. During the process excess water will be captured to prevent runoff. This process includes surrounding drains to be temporarily plugged to allow for pumps to collect accumulated water.

For safety purposes, whenever the contractor is operating outside of the project building and fence line, flaggers and traffic control will be present to direct traffic as needed. Please use caution in the area.

We appreciate your understanding and patience as we perform this necessary maintenance project at West Valley Campus.
