August 29, 2017

TO: Part Time Faculty

FROM: Tracey Frizzell  
Human Resources

SUBJECT: DeltaCare dental HMO Plan

---

Part-Time Faculty are eligible to enroll in the DeltaCare dental HMO Plan within 30 days of the beginning of the Fall or Spring semesters.

Delta Care is a pre-paid dental program which requires the member to go to their assigned primary care dentist. Many benefits are paid at 100%, with some benefits subject to co-payments. Please refer to the benefit summary for additional plan coverage information and to Delta's website at, [www.deltadentalins.com](http://www.deltadentalins.com), for the provider list. Please note you must search the **DeltaCare USA** network.

If you are interested in enrolling, you are responsible for the monthly premium from your first month of coverage through December 31, 2017. You must pay the premium in full for the rest of the year when you submit your application. The monthly rates beginning January 01, 2017 are as follows:

**RATES**

Employee:	\$22.31/mo.
Employee plus 1 dependent:	\$36.80/mo.
Employee plus 2 or more dependents:	\$56.84/mo.

Please make your check payable to West Valley-Mission Community College District and send it with the enrollment application to my attention (address above). Also, please indicate the dental office you are selecting on the application.

**If the forms and payment are returned to me by the tenth of the month, your coverage will begin on the first of the following month.**

Rates are subject to change during the policy renewal in January 2018.

Thank you.
