

PERS *Platinum*

For an even better PPO healthcare experience, CalPERS is partnering with Blue Shield of California and Included Health starting January 1, 2025. This new partnership is dedicated to ensuring you receive the highest quality care for your unique needs.

Your health benefits are not changing. Blue Shield will be the new administrator for the PPO plans, and Included Health will help you find the personalized care you need, using Blue Shield's network of doctors and hospitals and Included Health's network of virtual providers.
